

CELL PHONE SEARCH POLICY

[Promise Academy] reserves the right to prevent student use of cell phones during school hours for any reason.

[Promise Academy] reserves the right to seize and hold a student cell phone until the end of the school day and to prohibit a student from bringing a cell phone to school at the school's discretion.

In the event that [Promise Academy] has a reasonable suspicion that a student has used a cell phone to commit a violation of the law or school policy, or has used the cell phone to threaten injury to him/herself or another person, or has used the cell phone to commit cyber bullying or any other act prohibited by school policy or the law, the school may seize and search the cell phone. If the school has a reasonable suspicion the cell phone has been used in the commission of a criminal act, the school may seize the phone and surrender it to appropriate law enforcement authorities.
